

Hello! We're foraus

We shape foreign policy by enabling new voices in the public discourse.

Nice, but what does that mean?

Our problem: Young people will be affected by the outcomes of today's foreign policy decisions (or inaction...) for many years to come, but many of those choices are made without us!

What can you do?

write policy recommendations

We are your platform for evidence-based foreign policy content. We accompany you through how-to's, skill-building workshops, coaching and a professional review process!

host thought-provoking events

Help shape inspiring and stimulating communities all across Switzerland that are accessible to everyone. Organise workshops and events on topics you love.

foraus as an association and decision-making

foraus is a tax-exempt and non-profit association within the meaning of Article 60 ff. of the Swiss Civil Code with its registered office in Bern. We were founded on the 17th of October 2009 and presently count over 400 members, many of whom are also contributing to foraus' impact as volunteers or authors. The association operates in all parts of Switzerland and in several languages. In order to best meet the association's goal, foraus takes account of regional features, needs and, in particular, cultural differences within the network of its activities.
